

NEW Baseball Bat Standards for 2011 for 15U only

As a participant in traveling baseball, you should be aware that there are limitations on what bats are approved for use at various levels of play. The Eastview Traveling Baseball Handbook has information about general guidelines for bats but the bat rules enforced by the Metro Baseball League (MBL) dictate our bat rules. Rules change at times and you should keep this in mind when purchasing a bat.

MBT/MBL Baseball will not change any bat rules and/or limitations in all 10U-14U programs for the 2011 season.

All 15U teams will follow the new bat standards adopted by the National Federation of State High School Associations for the 2011 season.

Certain hollow composite BESR baseball bats (found on the NFHS website at <http://www.nfhs.org/content.aspx?id=4155>) are approved for use.

Please read the information on what bats are legal for the upcoming 2011 summer baseball season. All of this information can be found at www.nfhs.org.
